## RESEARCH CORPORATION, University of Hawai'i, Board of Directors of the

---

*Five members shall be appointed by the governor pursuant to section 26-34. All the members appointed by the governor shall serve for a term of four years,*

*In addition, five members of the board of regents of the University of Hawaii, selected by the board of regents, shall be members of the board for terms to be determined by the board of regents; provided that no term shall extend beyond the term as a member of the board of regents.*

*Members shall elect the chairperson of the board.*

*The Research Corporation of the University of Hawaii (RCUH) was established by Act 209, Session Laws of Hawaii 1965, codified in chapter 307, Hawaii Revised Statutes, to support the research and training programs of the University of Hawaii and to enhance research, development, and training in Hawaii. It is attached to the University of Hawaii for administrative purposes and governed by a ten-person Board of Directors, five of whom are appointed by the Governor and five of whom are members of the Board of Regents of the University of Hawaii, selected by the Board of Regents. The President of the University of Hawaii also serves as President of RCUH, with its Executive Director responsible for its day-to-day affairs. Because of its exemption from several state statutes in the areas of accounting, human resources, and procurement, RCUH is able to process transactions expeditiously, allowing researchers to focus more of their efforts on research rather than administrative activities. RCUH receives no state funds and operates entirely on fees charged to the University and to other agencies and organizations that may from time to time use its services.*

*The Council on Revenues, established under section 37-111, Hawaii Revised Statutes, prepares revenue estimates of the state government for each fiscal year of the six-year state program and financial plan. Reports of the estimates and any revisions thereto are reported quarterly to the Governor and Legislature who are required to consider such estimates in budget preparation, appropriations, and revenue measures.*

*The Council shall consist of seven members. Three members shall be appointed by the Governor to serve for 4 year terms. Two members each shall be appointed by the president of the senate and the speaker of the House of Representatives to serve for 2 year terms. The members shall appoint from their own membership the person who will serve as chairman of the council. Any vacancy shall be filled by the respective appointing authority. Members not subject to Senate confirmation. Because cumulative experience and continuity in office are essential to the proper administration of this chapter, it is declared to be in the public interest to continue board members as long as efficiency is demonstrated. The Council is not required to comply with the law on open meetings for public agencies when confidential tax information is discussed, but all estimates submitted to the Governor and Legislature by the Council are public.*

## WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)

---

*At all times one commissioner shall be an educator engaged in the field of higher education in the State. The commission elects own chairman and vice- chairman.*

*The Western Interstate Commission for Higher Education (WICHE) was created to administer the Western Regional Education Compact, which the Legislature approved in 1959 (Act 253, Session Laws of Hawaii 1959; section 310-1, Hawaii Revised Statutes). Thirteen western states are members: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming. These states entered into a compact designed to pool their educational resources, to plan jointly for the preparation of a specialized skilled labor force, and to avoid, where feasible, the duplication of expensive facilities and programs. Member states participate in the Student Exchange Program, the Western Regional Graduate Programs, and the Western Undergraduate Exchange Program. WICHE also sponsors, with nonstate funds, many educational conferences, symposia, and related projects. Three states--Minnesota, North Dakota, and South Dakota--have affiliated with WICHE in order to participate in western regional programs. The Commission consists of members and affiliated state representatives, who are appointed by their respective state governors. The Commission conducts research and publishes studies on higher education problems in the western area. Hawaii's Commission, consisting of three commissioners, is assigned for administrative purposes to the Board of Regents' office.*

*WICHE exchange programs allow students to enroll in curricula not available in their home states at rates below the usual non-resident tuition. The 15-state consortium also provides data analysis on education issues and supports other initiatives, including distance education, services for the mentally ill and effective use of technology.*

*There are two mainland conferences each year. November and May. (November 9-12, 2003)*
